Major Changes Forecast in Western Cattle Industry

Pressures from economic and other factors will result in sweeping changes in the livestock industry over the next few years and few segments will be more affected than cattle production, predicts an Alberta animal breeding authority.

Dr. R. T. Berg, of the University of Alberta's animal science department, contends that many concepts of beef breeding, considered to be radical only a few years ago, are readily accepted today by all but the most reactionary.

Rising production costs, competition from other meats and the increasing threat of synthetic meat products have caused many cattlemen to re-assess their previous ideas about cross breeding, and the yardsticks used in judging cattle today are considerably different than they were as recently as five or ten years ago.

The ease of travel and the wider use of TV and other mass media are helping to spread new ideas quickly, Dr. Berg feels. A breeder in one part of the country thinks nothing of travelling thousands of miles to exchange ideas with another breeder. Tradition and complacency are giving way to experimentation and objective

assessment of economically important aspects of cattle production.

The apparent benefits to be gained from cross breeding, better use of selection tools, the impact of recent European imports and the willingness of breeders to "borrow" from the dairy breeds are beginning to have an effect on the cattle industry today, and in all probability rate of change will accelerate in the future, Dr. Berg believes.

Referring to some of the current beef research underway at Alberta research centres Dr. Berg said animal scientists at the Lacombe Research Station had used growth rate as a basis for selecting cattle that went into its breeding herd. As the result of such selection, plus improved management, the station had increased the yearling weights of its herd by 22 pounds per year between 1959 and 1967.

Of this amount five pounds was straight genetic improvement. And in a cattle breeding experiment involving the Ross Ranches at Manyberries, Alberta and the Lethbridge Research Station, improved weaning weights ranging between 70 to 100 pounds had resulted from crossing Brown

Swiss, Holstein, Hereford and Red Angus cattle.

In the University's own breed development project started at its ranch at Kinsella in 1960, a hybrid foundation herd (Charolais, Angus and Galloway combination) had consistently outperformed a straight Hereford control herd.

Giving equal weight to all years from 1962 to 1968, Dr. Berg said the actual weaned weight of calves in the hybrid herd exceeded that of Herefords by 49 pounds and when based on weaned calf per cow bred, the difference was 73 pounds in favor of a hybrid cow. The hybrid herd also excelled the Hereford herd in per cent of calf crop born by seven per cent (84% compared to 77%) and in per cent of calf crop weaned by nine per cent (80% to 71%).

The beef cow of the future will be one that satisfies all segments of the industry. She may not be as pretty or as nicely marked, but what she lacks in aesthetic value she will more than make up for in practical aspects. Ideally, she will be highly fertile, produce a live, healthy calf when she is two years old and one each year thereafter. She will milk enough to enable the calf to grow rapidly from birth to weaning. The combination of sire and dam should give the calf the best inheritance for growth and ensure that the final product will be a desirable carcass.

The feedlot operator, in turn, will have available a beef animal with more profitable characteristics such as health and survival, rate and efficiency of gain, and sale value.

The price which the feeder received for the finished animal should reflect the value of that animal to the retailer and the consumer. In the past this has not generally been the case, according to Dr. Berg.

The goals of the feedlot operator and the retailer should be compatible and to ensure that they are requires an adequate appraisal of the product for its consumer value, together with a system for reflecting true value back to the producer.

Reflection of true value from the consumer back through the chain to the producer should be one of the primary purposes of an adequate grading system. Certain segments within the industry claim that our present grading system needs to be revised so as to more accurately reflect those values.

If those people who are demanding revision have their way the changes that are now taking place in the beef industry will be even more rapid, Dr. Berg claims.

The road to success is always under construction

Mr. Kaarsmaker was also presented with a pin for ten years perfect attendance.

Key member awards were made to Alf Armstrong, Ernie Gill, Dan Greger and Alf Kublik. Advancement key member awards also were presented to Bert Demers and Adam Eckert. Wives of members receiving awards were also presented gifts.

Final presentations of the evening were made by the District Governor to members of the cabinet for their efforts during the October membership drive.

Those receiving the certificate were Alex Boychuk, Stony Plain; Fred Schipper, Drayton Valley; Bob Blair, Grimshaw, and Joe Kidd, Dawson Creek.

Lil Ross' group provided intermission entertainment and the Legion Ladies' Auxiliary the sup-

Regional Library

(Cont. from Page 1)

The regional library board is comprised of one member from each governing body in the group and the chief librarian.

Advantages cited to the gathering at Lacombe included: books chosen and processed by a professional; lower purchase price; lower repair costs; monthly visits by librarians; and assistance on request.

In her report Mrs. Deby questioned the lower purchase and repair price, adding that comparison of figures between the regional and Drayton Valley libraries showed little difference.

At the present time the County of Parkland is planning meetings with neighboring counties and municipalities on the subject to determine the feasibility of continuing investigation.

Report from the Legislature

By TONY COX

The Alberta Government is to hold open committee hearings next month to discuss the proposed new School Act.

Education Minister Robert Clark says the government will seriously consider any amendment to the bill so that the Legislature can debate them and bring the controversial changes into operation this spring.

Mr. Clark has requested the Legislature set aside regular business March 3rd and 4th for the public hearings.

The new act, containing provisions for plebiscite controls on school board spending and zone or regional bargaining also allows more local autonomy for school boards.

Several educational quarters, the ATA and ASTA and others, have asked for additional time, perhaps a year, to consider the amendments being brought before this session.

Under the new regulations, Mr. Clark thinks it unlikely that local school boards will call plebiscites this year for supplementary spending estimates. But it could be a different matter next year.

This legislation does not apply to the separate school boards unless they receive school foundation grants. But Mr. Clark feels the separate school boards will co-operate as they would not want their supplementary requisitions higher than those of public school boards.

The Education minister is soon to announce how much money school boards will have to knock off their supplementary requisitions this year as well as per pupil grants to school boards during the current year.

Under the proposed flexibility factor fund, the government will make \$20,000,000 available to school boards which could remove up to seven mills from the supplementary tax levy over a proposed three year budget period.

The new School Act also proposes to make all voters eligible to vote on plebiscites involving school expenditures. The move is part of the government's attempts to de-emphasize the advantages held by property owners. It feels that apartment dwellers pay property taxes through rents and thus, should share in decisions affecting educational spending.

Compulsory vehicle testing programs across the province have been discontinued. Highways Minister Gordon Taylor says it will be replaced by a voluntary system, conducted on a cost-free basis for vehicle inspection.

It will be accompanied by vigorous police action in spot-checking vehicles to ensure they are roadworthy. As an incentive to motorists to have their cars inspected, Mr. Taylor said insurance companies would be asked to introduce some form of premium discount for motorists taking the test.

Under new regulations, municipalities will soon be allowed to sell land at less than market value to aid low-income housing projects. Amendments to the Municipal Government Act, are designed to help cities and towns find a way round the present inflated land costs.

Premier Harry Strom has hinted that the federal government will announce some form of financial

relief to the Canadian farmer before spring seeding.

Without being specific, the Premier felt the assistance would involve some type of acreage payment to help farmers in transferring from wheat production to livestock.

The province is considering establishment of a fee for admission to all provincial parks. Lands and Forests Minister Dr. J. D. Ross said the charge would likely be levied on a similar basis to national park fees, through the sale of car stickers for perhaps \$2.00 each valid in any Alberta park.

Tory MLA for Lac St. Anne Dr. Hugh Horner has proposed the formation of an Alberta Grain Storage Corporation, acting as an agent of the Canadian Wheat Board. It would purchase grain from the farmers as well as paying them to store the grain on farms as payments are now made to elevator companies.

EVANSBURG NEWS

In spite of early signs of spring last week, this week more snow is falling and winter seems to be with us for some time yet.

The Agricultural Society held its regular monthly meeting on the second Wednesday of this month at the home of Mr. and Mrs. Sarkissian at Chip Lake. Most of the meeting time was devoted to the revising of the fair book, so exhibitors might find it to their advantage to check with the directors when they begin planning exhibits for the summer fair.

The members of the Boy Scout troop, along with their Councilor, Mr. Cameron, spent the Valentine weekend camping near Lake Isle. From all reports everyone had a wonderful time.

The 1st Pembina Valley Group Committee held a meeting at the home of Mr. and Mrs. Asplet on the 15th. Plans were made to have a parents' night at the regular Pack meeting held during Boy Scout Week. Plans were also made for the annual supper which will take place during April, and also during April it is planned to take the boys on a tour of interesting places in Edmonton. All during Boy Scout Week, most of the boys in the pack wore their uniforms to school to observe the week dedicated to the memory of the founder of the Boy Scout movement.

The 4-H Club members held a toboggan party recently. A good wet time was had by all who attended.

The Hollysprings community held its annual meeting at the home of Mr. and Mrs. Henry Schroder on the 14th. The same executive were put in to serve for another year. They are as follows: President, Mr. H. A. H. Hutchinson; Vice President, Mr. H. Schroder; Secretary-Treasurer, Mrs. Gladys Schroder.

For fun and excitement this weekend don't forget the Kin Kapades to take place at the arena.

Editorial — Comment

What is a Lake?

The Alberta Fish and Game Association asks "What is a Lake" in the February issue of its magazine and goes on to say that according to the Thorndike-Barnhart Dictionary it's a large body of water entirely or nearly surrounded by land or a wide space in a river. A slough is defined as a soft deep muddy place or mud hole.

How many lakes in Alberta have become sloughs and how many sloughs have become mud holes and how many mud holes have become holes in the past twenty years.

The grab for water is on and the grab for land is on and our lakes and sloughs are fast disappearing as is the water table that has allowed Alberta to be a prosperous agricultural province.

How many lakes are being sacrificed to the needs of Alberta industry and have become fast disappearing sloughs. How many sloughs in turn have been sacrificed in the mad rush to create additional agricultural land, in turn lowering the water table. How many streams and rivers are fast drying up or silting up because the tree cover on the eastern slopes of our mountains is being destroyed.

Big business, it seems, will continue to use the cheapest available water source for their purpose. How long are we and the public going to wait before we become concerned?

Let's act before the new definition of a lake becomes "a hole in the ground that at one time held water and supported life."

Political Interest Healthy Sign

Indications seem to point to a renewal of interest in provincial politics and such a trend can do nothing but good for Alberta.

We, in a newly formed (or at least proposed) constituency, are understandably undergoing a revival of interest. Newness in itself is interesting and the challenge of a new unit and probably new candidates is providing material for early thoughts about election possibilities.

The stirrings however, are not confined to the new Drayton Valley riding. According to news reports of organizational and nomination meetings, the rest of the province is also gearing for the next election. Interest in our new riding is apparent with all parties in various stages of organization and at least one candidate already announcing his intention to stand for nomination.

When will the election come? Mr. Strom is bearing this load on his shoulders, and with Peter Lougheed and company rising stars on the political horizon, his decision will not be an easy one.

CHALLENGERS WIN BANTAM TITLE

On Saturday, February 21, the Burrows Motors Challengers skated to victory in the final game of the Hi Way 16 League schedule against the Devon Bantams. The margin of victory was 8-4 for the Challengers. Cameron Selin and Ron Bartek each came up with a strong game, getting two goals and two assists. The first two periods were evenly played, the end of the first period found the Challengers in front by 3 to 1. The Devon team closed the gap in the second period, scoring two goals to Drayton Valley's one and narrowed the gap to 4 to 3. The play opened up in the third period and the Challengers pulled

away scoring four goals to Devon's one to bring up the final score to 8 to 4.

On Sunday, February 22nd, the Challengers met the Scona Bantams from Edmonton in an exhibition game and came off the ice with a 14 to 2 victory. The Drayton Valley's defencemen, Kevin Reich, Dean Samis, Ed Eustace and Bruce Hutton came up with a very strong game and gave our goalies almost a holiday. The Edmonton team could hardly get any shots on goal as the defense continually took the puck from them in the mid ice area. Kevin Reich stood out in a penalty killing roll, breaking up many rushes when Drayton Valley was short handed. Twice the Challengers found themselves short two men and both times were able to hold the Scona team off the scoreboard with some good checking and skating. Ray Dupperon led the scoring with a hat trick; Bruce Hutton had two goals and three assists; Lindsay Machan had two goals and one assist; Mark Hutton added a goal

and three assists; Xavier Coppens added one goal and two assists; Ron Bartek, Cameron Selin and Zane Reinhart each added a single goal and an assist; Kevin Reich and Bob Hall each added a single goal; Bob Burrows and Dean Samis each added assists.

The attendance of over a hundred people enjoyed a good game of hockey.

The Bantam All Stars would like to take this opportunity to thank all the people who supported them by purchasing tickets on the lucky draw. Mr. Don MacKenzie was the lucky receiver of the tablecloth at the draw Saturday. The team's effort met with great success. The Bantams would also like to thank their sponsor, Mr. and Mrs. Roy Burrows for their help in obtaining their new jackets. The team would also like to thank Mrs. Samis and Mrs. Selin for their help in organizing and supervising the Bake Sale held at Blocks Store.

The Challengers start on the Provincial Play-off trail this coming Saturday, February 28th by hosting the Edson Bantams at 6:00 p.m. The second game will be played at Edson on Sunday, March 1st at 12 noon. Come out and support this young hockey team.

D. V. Highlights

By Mrs. Edith Deby

Bert Duperron had four exciting filled days in Vancouver recently. He is a member of the Breton Boxing Club. It was Bert's misfortune to draw last year's Silver Gloves winner for his first opponent. Congratulations on being chosen to represent your club in this competition, Bert.

Lynne Hurley had the misfortune to break her elbow when she fell on the ice at the Centennial Arena. When it was remarked that it was a good thing that her left rather than her right arm had suffered damage Lynne smiled and said "I'm left handed".

Mr. and Mrs. Bert Briere have been visiting old friends in town for the past several days. The Brieres live in England now.

Frank Law parted company with his appendix quite abruptly last week.

Mr. Roy Williams is visiting friends and relatives on the west coast.

Mr. and Mrs. Don MacKenzie and daughters had a fine three day ski holiday in Jasper ten days ago.

It is with gratification that we note that those persons who direct our destiny, in this instance the Electoral Boundaries Commission, have acknowledged our entity. The new Provincial Constituency is to be named Drayton Valley; not Stony Plain, not Pigion Lake, not Parkland. Those persons who took the trouble to appear before the commission with submissions are to be commended.

Mr. and Mrs. Vic De Ciccio, of Fox Creek, were visitors at Louis Mattson's on the weekend.

Winners at whist at Dunington Hall were: High - Mrs. Verna Hines and Mr. Ole Stordalsvoll. Low - Mrs. Wiechert and Mr. Louis Mattson.

Mrs. La Rocque and Mrs. Duane Kehl and daughters, all of Edmonton, were visitors at the Clarence Duningtons on Saturday.

Friends of Mrs. Bill Kuzio will be happy to learn that she is home from hospital and is feeling well again after her operation.

Reverend Ezekial Martin became very ill suddenly while in Edmonton last week. An emergency operation was performed and at the time of writing Mr. Martin's condition is considered satisfactory.

Rolf de Geest, second year chemistry student at the University of Alberta, was the organizer of a new type of demonstration staged in Edmonton on Saturday. Fifty young people from the Edmonton Sing Out group participated. The idea was to shake hands, smile, and give a friendly greeting. The leader said that the demonstration was not a suc-

cess but the group plans to try a again. Personally we can't see how the plan could fail to succeed if all the young people are as pleasant and polite as Rolf. It will be remembered that Rolf is the second son of Mr. and Mrs. Fritz de Geest of Drayton Valley.

SUB-MITS

FROM THE ELEMENTARY
SCHOOL

This week let's meet Mrs. Eleanor Phillips from a grade two classroom. Mrs. Phillips attended school in and near Berwyn, which is in the Peace River district. She took her teacher training at Normal School in Edmonton and taught at Lac St. Anne and Barrhead Counties. After spending 9 years at home, she again resumed her teaching career here. She is now in her fourth year of teaching here. Husband Al is with Pembina Pipe Line. Mrs. Phillips enjoys being a bowling sub, even if she only makes a 78 flying somewhere for Easter holidays, knitting and crocheting. Her first salary was \$1,000 a year, slightly higher than Mrs. Hoylands.

I asked Mrs. Floden to get a reaction to the homework question from her class. Here are some results:

Is homework necessary? -- Yes, 23; No, 7. Of the "Yes" answers the reasons for homework were:

Two said - kids wouldn't do their work in school if they knew they didn't have to do it at home later.

Twelve said - it's the only way to keep up with the rest of the class.

Six said - it helps you make better marks.

Two said - you find out how much you know when you can't go to ask the teacher for help.

One said - it good for us. Of the "No" answers:

Three said - school work should just be done in school hours

One said - you have no one at home to help you do the work.

Three students answers were not clear as to what they meant.

Twenty-three students said they didn't mind homework.

Seven students said they did.

Greeting of the Week: Said one little boy when he met a teacher in the hall, "Good morning, Mrs. Trowser".

Sincerely,
Olga Brown.

Before television nobody ever knew what a headache looked like.

Chamber Names Committee Heads

At the monthly meeting of the Drayton Valley and District Chamber of Commerce held in Dave's Cafe last Thursday, standing committees for the ensuing year were appointed.

Committee members were named as follows: Highways, Claude Albert; Tourism, Bill Johanneson; Membership, Dale Gaehring; Industrial Development, Roy Burrows; Agriculture, Wendy Sekura and Jerry Pohling; Publicity, R. Smith; Bylaws, Bob Gordon; Finance, Peter Van Der Weide and Don MacKenzie; and Education, Wes Ratzlaff.

Reporting for the Agricultural Committee, Wendy Sekura remarked on the increase in livestock moving through the Auction Mart. In 1968 the Auction Mart handled three quarters of a million head and this increased to one and half million in 1969.

Mr. Sekura noted that the area is gaining recognition quickly as a cattle producing region and suggested that the Chamber might provide a service by making known the fact that land is still available in the area for cattle operations.

The membership agreed to the placing of advertising in weekly papers in other parts of Western Canada pointing out the advantages of the Drayton Valley region to farmers and ranchers in areas where suitable land is becoming scarce for livestock production.

The Annual 4-H Achievement Day was discussed briefly and it was pointed out that more information would be available following a meeting with 4-H representatives at an early date. It was, however, decided that the Chamber of Commerce would sponsor a pancake lunch at the achievement day.

Other business of the meeting included a discussion of the number of requests for donations to various organizations and it was decided to investigate the possibility of one fund to cover all contributions.

Complaints were aired on the subject of snow removal and a letter is to be written to Town Council seeking improvement in performing this task as it is required.

In the matter of signs it was decided to investigate the feasibility of a large sign at the entrance to town carrying the names and meeting dates of various organizations.

The possibility of a "fly-in" some time during the summer

was also discussed and the matter will be broached with local flying enthusiasts to determine the degree of interest that might be expected for such a project. It was felt that a "fly-in" might include a meal and tours of oil-field installations and other points of interest in the area.

LIBRARY NEWS

From time to time we have been asked for a good book on making speeches etc. To meet this need we have purchased "The Toastmaster's General Guide to Successful Public Speaking" by George Jessel. The big 353 page book is full of helpful suggestions as well as jokes suitable for all occasions. I opened at random to the "One Liners" and saw these gems. "A yawn is nature's way of letting a married man open his mouth" "A woman will never be man's equal until she can have a large bald spot and still consider herself good looking".

Victoria Holt's latest "The Shivering Sands" has just arrived. This popular writer needs no introduction in our library.

"Stroller White" is the story of a Klondike columnist. He could write news with the best of reporters but when he wrote for his own enjoyment his subject would be the motley crowd of ne'er-dowells, hard drinkers, gamblers and bums that fascinated him. In his own words he liked to write about the Sam brothers-Flot and Jet. When the gold rush ended White was one of the few of his tribe who stayed in the north.

OUR READERS SAY:

Lynne Hurley - "Green Corn Moon" by George Lanning "Didn't hold my interest".

Mrs. Anker - "Topaz" by Leon Uris "Really liked that book".

Mrs. Robert Gordon - "Never Sleep Three in a Bed" by Braithwaite "Thoroughly enjoyed the book".

Mrs. Metz - "The Victims" by Bernard Lefkowitz and Kenneth G. Gross "Disturbing. Terrible to think such things could happen".

kethball club 43-42 in a tension-filled regional basketball championship game before a packed house of St. Albert fans.

It is this type of game that makes basketball America's greatest spectator sport -- it was a great game to win and a tough one to lose with both teams representing their respective communities in the finest of fashions.

The Warriors held the lead throughout the contest down to its dying minutes when they fell behind 41-39 but rallied to take the lead in the dying minutes of the game 42-41 and attempted to run out the clock. The team was called on a travelling violation turning the ball over to Paul Kane who pulled the game out of the fire with a jump shot from twenty feet out by their centre O'Toole with only two seconds left.

Three wins in a row over any team in a league such as the North Central is a large order for any club and the Warrior Coach is proud of the team in that they came so close to doing so and he also has admiration for the Paul Kane five and the courageous game they played.

Last season the Paul Kane team lost a similar game to Salisbury Sabers 39-38 in the last second of play and the Salisbury club went on to become Provincial Champions and so the Warriors

wish the same fate to their St. Albert rivals. At the moment though the Warriors coach sees these honors being taken by Sterling Lakers of Southern Alberta. The B-Boys Provincial Playoffs are to be held at the Salisbury High School, Sherwood Park, March 13th and 14.

The Warriors play an exhibition game in Mayerthorpe Monday night and have two tournament invitations to fill before the season ends.

Leading the way for Paul Kane on the scoreboard was Brian O'Toole with 16 big points, Jim Rutherford with 8 and Lee Martin with 7.

For the Warriors, Keith Sodergren led the way with a fine 18 point performance and Larry Mattoon followed with 11.

World Day of Prayer To be Held March 6

"Take Courage" is the 1970 theme for the World Day of Prayer, celebrated Friday, March 6th when fellow Christians in more than 130 countries will join together to pray and give.

In Drayton Valley services will be held in Calvary Baptist Church at 8:00 p.m. under the convensorship of women from the Church of God, Pentecostal, United, Anglican, Roman Catholic and Baptist Churches.

Gudrun Diestel of Germany is the chairman of the International Committee sponsoring the Day. The President of the Women's Inter-Church Council of Canada is a member.

The theme for the service was chosen and developed by a group

of five women - a housewife from Egypt, a social worker from Guyana, a teacher from India, one church worker from the Philippines and one from the United States. These women all prefer to remain anonymous.

Afternoon and evening services will be held in churches, homes, schools, hospitals and wherever people can gather together. In Canada, 600,000 women will attend 5,000 services from St. John's Newfoundland to Tuktoyaktuk in the North West Territories. Canadians arrange special services for girls and children.

Japanese, Indian and Braille are just three of the estimated dozen languages conveying the service. English and French are

the principal ones.

Last year most of the \$96,800 that poured in was spent on Christian Literature for use here and in some 25 world-wide countries. A wide variety of Christian work receives grants annually and last year famine relief in the Nigeria Biafra area was crisis project. Vietnam is a continuing recipient.

At home support is given to the Indian Eskimo Association of Canada, Religious Curriculum Materials for the Educable Retarded Adolescent, CNIB's Braille Magazine for Children, the Ecumenical Institute of Canada, Bibles for new Canadians. . . the list is endless. The chain of prayer and giving circles the globe and comes back again.

The Women's Inter-Church Council of Canada sponsors the World Day of Prayer observance in Canada and all monies collected are handled by the Council.

Leprechauns Win Series With Leduc

The Drayton Valley Hotel Leprechauns won the first round in the Pee-Wee Provincial Zone Playdowns by overwhelming Leduc 12-1 at the Centennial Civic Centre last Saturday afternoon. This was the first game of a two-game total point series. As a result of the lopsided Leprechaun victory the Leduc coach conceded the series to Drayton Valley. Now the Leprechauns go on to the second round in the playdowns against the winner of the Hinton-Edson series presently being played.

The Leduc team scored first at the two minute mark in the first period. The Drayton Valley team struck back hard and fast and before the ten minute mark in the period the Leprechauns had a 5-1 lead and the route was on. From this point on the issue was never in doubt and it was just a

matter of how high the score would go.

Leading the scoring for the Hotel team were Garry Swendseid and Ray Kowal with three goals each. Mike Koebernick got two markers while Jerry Hook, Jimmie Novocel, Tim Bester and Kevin Boulter got one goal each for the Leprechauns. The Lone Leduc tally was made by Bruce Young.

Seven penalties, three to Drayton Valley were handed out during the game. Officiating in the playoff game were Charley Davies and Elmer Madsen.

SCHOOL BUS COMMITTEE REPORT

The school bus committee presented the following report to the School Committee:

"Whereas the Bus Committee finds, that a School Bus pick ups, there appears to be an element of discrimination in our nebulous policy. The distance travelled between stops is a lot shorter in and around Sub-divisions than in other areas of the County.

Whereas gate service given to farm children is different than gate service given to children going from Sub-divisions. Some farm children have to walk a 1/2 mile or more to their gate, compared to Sub-divisions of a possible 100 feet more or less.

Therefore your Bus Committee recommends that stops in Sub-divisions be made not less than every 1/8th of a mile or at the discretion of the bus driver; these stops be designated by a bus load-

ing and unloading sign.

And further recommends, that no pupils be picked up within a distance of 1 mile from a school; any exception to this policy must be ruled on by the School Committee.

And further recommends this become policy September 1st,

1970.

Ivan Vowk,
George Mann.

It was moved and carried that the above recommendation of the Bus Committee be accepted and that it be referred to the Superintendent of Schools for incorporation in the policy handbook.
